

CHILDREN'S ACTIVITY SHEET

500 years of history in the heart of Nailsea

www.nailseatithebarn.co.uk

1. How many putlog holes can you find?

Putlog holes are the squares left from scaffolding originally used in constructing the barn.

2. How many window arrow slits are there?

Why were they so narrow instead of big windows we have today?

3. How many roof trusses can you count?

These are the arches that go across the roof.

4. How many wooden pulleys can you spot in the roof?

What were they used for?

5. How many old door hinges can you find and where?

How big does this make you think the doors were?

Name: _____ Age: _____

This is what the architect thinks the Barn looked like originally. Draw what you think it was like:
